- Wrap-up and Adjourn

Background: The State Water Board's Groundwater Ambient Monitoring and Assessment (GAMA) Program is continuing its implementation of the Priority Basin Project in the Sierra Regional study unit. The Sierra Study Unit encompasses the entire Sierra Nevada.

The main objectives of the GAMA Program are to improve ambient groundwater quality monitoring and assessment, and to increase the availability of information about groundwater quality to the public. Participation in the GAMA Program is voluntary. The State Water Board is implementing the GAMA Program with the US Geological Survey and Lawrence Livermore National Laboratory.

Please visit www.waterboards.ca.gov/gama for more program information, a copy of the agenda, and a map to the meeting site. You may also see <http://ca.water.usgs.gov/gama/> for additional technical information.
